

3rd INTERNATIONAL MEETING "THE FUTURE OF A.R.T."

Lugano, Switzerland | 13 March 2026

Rationale

The 3rd edition of our congress brings together leading experts and professionals in reproductive medicine, to explore the most relevant and up-to-date topics in the field. Our goal is to promote innovation, share the latest scientific advancements, and provide practical insights that can be directly applied to everyday clinical practice. Through a dynamic program of lectures, discussions, and interactive sessions, participants will have the opportunity to deepen their understanding, exchange experiences, and enhance the quality of care offered to patients.

Scientific Committee

Marina Bellavia - Ettore Caroppo - Giovanni Maria Colpi - Paul Pirtea

Faculty
